PROFESSIONAL SUMMARY

Software engineering undergraduate with experience building and deploying AI-enabled web applications, business management systems, REST APIs and responsive websites. Skilled in React, TypeScript, Python, FastAPI, Flask, PostgreSQL and cloud deployment; combines software development with hands-on operational experience in recruitment and administration.

TECHNICAL SKILLS

Languages & Frontend: Python, JavaScript, TypeScript, Java, React, HTML5, CSS3, React Native, Bootstrap, Tailwind CSS

Backend & Databases: FastAPI, Flask, Node.js, REST APIs, PostgreSQL, MySQL, SQLite, Supabase

AI & Data: Gemini AI integration, OCR, PDF processing, fraud-risk logic, JSON, Excel automation, openpyxl

Tools & Delivery: Git, GitHub, Figma, Vercel, Render, PythonAnywhere, Agile/Scrum, responsive UI/UX

PROFESSIONAL EXPERIENCE

Assistant Director, IT and Web Development | *UTA Manpower Service* | *Kalmunai, Sri Lanka* | *Jun 2024–Present*

- Developed the company website and internal tools to digitize recruitment, invoicing and administrative workflows.
- Built an accounts and candidate operations platform to support financial records, balance tracking and printable invoices.
- Translated operational requirements into practical web interfaces and streamlined staff workflows.

Freelance Web Developer | *Self-Employed* | *Remote* | *2022–Present*

- Delivered 5+ responsive client websites; created Figma prototypes, implemented interfaces and managed delivery timelines.

Web Development Intern | *Codveda Technologies* | *Remote* | *Feb 2026–Mar 2026*

- Developed four responsive layouts using HTML5, CSS3, Flexbox and CSS Grid; built a React CRUD task manager.
- Participated in Agile stand-ups, code reviews and assigned sprint work.

Administrative and IT Coordinator | *NK Motors* | *Kalmunai, Sri Lanka* | *Apr 2023–Apr 2024*

- Developed and deployed a responsive dealership website; supported IT maintenance for 10 workstations.

SELECTED PROJECTS

Mentora AI — Student Personal Assistant | *Completed* | *React, TypeScript, FastAPI, Supabase, PostgreSQL, Gemini AI*

- Built and deployed an AI student workspace with PDF/notes chat, flashcards, study planning, AI tutoring, progress tracking and assignment reminders.
- Integrated Google authentication, REST APIs and Gemini-powered assistance across a responsive React interface.

UTA Business Management System — Accounts & Candidate Operations | *Completed* | *Python, Flask, JavaScript, HTML/CSS, JSON, Excel, PythonAnywhere*

- Developed a secure internal web application for financial transactions, account balances, Excel reporting and candidate-related invoicing.

- Designed responsive dashboards, user-specific profiles and branded printable invoices; deployed to PythonAnywhere.

AI-Based Financial Fraud Detection System | Completed | React, FastAPI, Python, OCR, PostgreSQL

- Created a fraud-monitoring platform with receipt OCR, editable transaction extraction, duplicate detection, explainable risk scoring and alerts; integrated an ML prediction pipeline.

ADDITIONAL PROJECTS

UTA Manpower Service — Corporate Website | HTML5, CSS3, JavaScript, Formspree

- Built a responsive recruitment company website with a contact form and streamlined visitor experience.

Modern Photo Gallery | HTML5, CSS3, JavaScript

- Built a responsive image gallery with category filtering and smooth visual transitions.

TaskFlow — To-do App | HTML5, CSS3, JavaScript, Browser Storage

- Created a browser-based task manager with task creation, filtering, sorting and persistent local storage.

React Calculator | React, JavaScript, CSS3

- Built a responsive calculator using reusable React components, input validation and calculation history.

EDUCATION

BSc (Hons) Software Engineering (Top-Up) | ICBT Campus · Cardiff Metropolitan University, UK | 2025–Present

Diploma of Higher Education in Computer Science | IIT · University of Westminster, UK | 2025

Diploma in Graphic Design | Harvest International Business College | In progress

CERTIFICATIONS & TRAINING

- Certified Ethical Hacker (CEH v11) — MarsTech Institute | Aug–Oct 2025
- Certificate in General Management and Labour Migration — NILS | Aug–Oct 2025
- Diploma in English and Information Technology — IDM Nations Campus | Completed
- 1 Million Prompts — Prompt Engineering — Dubai Future Foundation | Completed
