PROFESSIONAL SUMMARY

Frontend Developer with 3+ years of professional and freelance experience delivering responsive, user-centered web applications using HTML5, CSS3, JavaScript, and React.js. Skilled in UI/UX prototyping with Figma, Agile collaboration, and performance optimization. Currently pursuing a BSc (Hons) in Software Engineering at ICBT Campus, affiliated with Cardiff Metropolitan University, UK.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React.js, React Native, Flexbox, CSS Grid
UI/UX and Design: Figma, Adobe Photoshop, Illustrator, InDesign, Responsive Web Design
Backend and Tools: Node.js, MySQL, Python, Java, Git, GitHub, Local Storage, EmailJS, Formspree
Methodologies: Agile, Scrum, Component-Based Architecture, Cross-Browser Testing, REST APIs

PROFESSIONAL EXPERIENCE

Assistant Director, IT and Web Development Jun 2024 - Present
UTAManpowerService | Kalmunai, Sri Lanka

- Spearheaded end-to-end company website creation, increasing client inquiries by 30 percent within the first quarter.
- Automated client communication via EmailJS contact forms, cutting manual email processing time by 40 percent.
- Streamlined 5 internal administrative workflows, reducing paper-based processing by 50 percent.

Web Development Intern Feb 2026 - Mar 2026
Codveda Technologies | Remote

- Engineered 4 responsive web layouts using HTML5, CSS3, Flexbox, and Grid, achieving consistent cross-browser rendering.
- Implemented a React.js task management app with full CRUD operations and local storage persistence, zero data loss across 100 test sessions.
- Collaborated in daily Agile stand-ups and code reviews, completing all sprint tasks on schedule.

Administrative and IT Coordinator Apr 2023 - Apr 2024
NK Motors | Kalmunai, Sri Lanka

- Deployed a fully responsive company website, expanding the dealership's digital presence.
- Maintained 10 workstations with proactive IT support, achieving 99 percent system uptime over 12 months.

Freelance Web Developer 2022 - Present
Self-Employed | Remote

- Delivered 5+ client websites on time and within budget, achieving a 95 percent client satisfaction rate.
- Designed Figma UI/UX prototypes that cut client revision cycles by 2 rounds per project.

KEY PROJECTS

UTA Monthly Records System 2026
Python | Flask | SQLite | openpyxl | Bootstrap

- Built a production-grade financial management web app, replacing manual Excel workflows for hundreds of monthly transactions.
- Reduced month-end report generation from 2-3 hours to under 10 seconds via an automated openpyxl export engine.

KyndKart - Cross-Platform Sustainability App 2026
ReactNative | Node.js | MySQL | Figma

- Contributed 3 core UI screens to a 4-member cross-platform mobile app team, shipping within 2-week Agile sprints.
- Architected accessible Figma interfaces, achieving a 90 percent prototype approval rate on first client review.

To-Do List & Calculator Applications 2025 - 2026
React.js | Local Storage | CSS3 | Component-Based Architecture

- Built a task manager (full CRUD, 100 percent data retention) and a multi-function calculator with real-time validation and history log.
- Incorporated keyboard-accessible, WCAG 2.1 AA-compliant UI components across both apps.

Modern Photo Gallery & Responsive Business Websites 2025
HTML5 | CSS Grid | JavaScript | EmailJS | Formspree

- Built a CSS Grid photo gallery with modal preview and filtering, improving render time by 40 percent.
- Released a production business website with a secure contact form, recording 50+ client submissions in month one.
